RP140 MOMENTUM HELMET + AIR UNIT KIT BAG COMPLETE (850MM)

DESCRIPTION

• The Horizon helmet has been designed to offer ideal functionality, performance and comfort whilst also offering exceptional reliability to all types of welders. The welding ADF lens offers a high clarity of view, resulting in an excellent optical quality utilising the latest ADF technology. This, coupled with our latest true colour + technology offers a superior view of the welding environment. Combined with the Universal Momentum PAPR system for maximum TH3P respiratory protection. The Momentum Air PAPR (Powered Air Purifying Respirator) system combined with the Horizon helmet, offers heavy duty protection from welding fume and dust when welding, gouging & grinding. The unit features the latest in PCB Board technology, allowing the welder to adjust the air flow from 180 L/min to 210 L/min to suit the environment and application. This is highlighted by an LED airflow indicator on top of the unit. The Momentum Air is equipped with audio & visual blocked filter and low battery alarms, offering extra safety for the welder. - User adjustable air flow 180/210 L/min - Li Ion battery pack (up to 8hr duration @ 210L/min) - P3 filter and pre-filter - International intelligent charger (interchangeable pins) - Audio/visual blocked filter and low battery alarms - LED air flow indicator - Supplied with 'new style' comfort pad - CE EN 12941 TH3P
